

Disciplina: Dinâmica da Produção e da Avaliação Científica

Professores: Luís Maurício Bini & José Alexandre F. Diniz-Filho

Carga Horária: 30 / 2 créditos

1. Ementa

Tipos de produção científica. Sistemas de gerenciamento de Edição de artigos científicos: Redação e submissão de manuscritos; O processo de revisão pelos pares. Cienciometria e bibliometria: Padrões em cienciometria; Fator de impacto e outras medidas de avaliação das atividades científicas; Implicações dos sistemas de avaliação da produção científica; Estudos de cienciometria em ecologia. Aquisição de dados bibliométricos no portal Web-of-Science. O sistema de avaliação dos programas de pós-graduação da CAPES.

2. Bibliografia
